Dear John:

Attached is a copy of DD-1149 Form reflecting transfer of accountability and shipment of E-5 terminated inventory from ITK to ARL, WPAFB. Copies of this form have been signed by [Redacted Box] and distributed to IMSC and the appropriate Air Procurement District. 25X1A

25X1A

This was accomplished solely for purposes of cover. Actually, the items were not shipped to [Redacted Box] but are being used by ITK for the "L" Program. Accordingly, it is requested that your office pick up accountability for these items and assign them to ITK as GPP under Contract No. BT-1943.

Very truly yours,
